

St. Joseph Carnival Committee

It has been a wild ride over the last 12 weeks, as the nation and state continue to deal with restrictions during the COVID-19 pandemic. There are still many questions associated with various public events and because we do not know what future restrictions we may face or when they may be lifted, we are forced to *cancel our annual carnival scheduled for July 14 – 18, 2020.*

So Sorry

However, the committee is investigating options for other types of events that may be offered later this year. Please drop by occasionally to see what we might have planned. We thank the Middletown community for your past support and wish all a safe Summer.
